

Immediate Release

**Euphoria Outdoor Leisure scoop a hat-trick at the Inaugural Annual
Hot Tub Awards Competition**

Euphoria Outdoor Leisure, Jacuzzi® hot tub specialist retailers, based at Shoots Garden Centre in Washington on the A24, had plenty to celebrate last Saturday as they were awarded a hat-trick of merits and the only Sussex based winners in the first ever annual award competition for members of the British and Irish Spa and Hot Tub Association (BISHTA).

Photographs of the winning projects were displayed at the BISHTA Awards party held at the Brighton Race Course on Saturday. Judges awarded three Certificates of Distinction and nine Certificates of Merit in the first competition of its kind for BISHTA member companies.

Mike Robinson, Managing Director of Euphoria said “The evening was a great success for us especially as we were the only company to win 3 awards, and also the only winning company in Sussex! We’re delighted that our efforts to create truly outstanding hot tub installations at customers’ sites have been recognised in this way.” Euphoria supply only top quality original branded Jacuzzi® hot tubs and work closely with carefully selected qualified electricians, carpenters & landscape gardeners to ensure client expectations are met and exceeded from start to finish.

BISHTA exists to promote health, enjoyment and safety for all users of spas, hot tubs and exercise pools. “The standards and training set by our association are arguably the best in the world. So when you make your purchase buy with confidence from a BISHTA member.” Stephen Crabb, BISHTA Committee Chairman
